The elbows shall be under water except for the final stroke before the turn, during the turn and for the final stroke at the finish. The hands shall be brought back on or under the surface of the water. The hands shall not be brought back beyond the hip line, except during the first stroke after the start and each turn.

5. “Separated” means that the hands cannot be stacked one on top of the other. It is not necessary to see space between the hands. Incidental contact at the fingers is not a concern.

BUTTERFLY

1. Both arms shall be brought forward simultaneously over the water and brought backward simultaneously under the water throughout the race.

2. All up and down movements of the legs must be simultaneous. The legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A breaststroke kicking movement is not permitted.

3. At each turn and at the finish of the race, the touch shall be made with both hands separated and simultaneously at, above or below the water surface.

4. “Separated” means that the hands cannot be stacked one on top of the other. It is not necessary to see space between the hands. Incidental contact at the fingers is not a concern.
